Questions from June 09, 2016			
	1.	We are requesting that the delivery be extended to 8-9 weeks. It would take 4-5 weeks to manufacture the product, 5-6 days' inland freight from factory to the forwarder (west coast) and 3-4 weeks to ship to Guam by vessel depending on the day that it was delivered to the agent. Thank you for your consideration because this is not a stock item as per manufacturer.	Please refer to Bid Amendment No. 1

Bidders are also notified to visit GWA website: www.guamwaterworks.org to ensure that addenda to the bid, answers to questions, and reminders are communicated to all bidders throughout the solicitation process.
