

GUAM WATERWORKS AUTHORITY

Gloria B. Nelson Public Service Building
688 Route 15, Mangilao GU 96913

Request for Interest: RFI 2017 For: ROAD RESTORATION SERVICES

The Guam Waterworks Authority (GWA) is in the process of establishing a list of qualified licensed contractors interested in providing GWA with Road Restoration Services island-wide (asphalt and concrete repairs), for a multi-year, indefinite-quantity type contract(s). Restoration and repair services must be conducted in accordance with Guam Department of Public Works guidelines which can be provided to interested parties. The repairs are to be made after GWA crews have conducted improvements or repairs to GWA infrastructure and will be performed on damaged roads, sidewalks, driveways, curbs, gutters, as directed by the Guam Waterworks Authority. The GWA conducts hundreds of pipe repairs on an annual basis, and road repair and restoration activities must occur in order to maintain the safety of affected roadways.

GWA intends to hold discussions with all interested parties prior to issuance of a formal procurement to determine and address their concerns regarding the feasibility and successful implementation of the proposed Road Restoration Services contract(s).

All interested contractors are encouraged to submit a letter of interest to Guam Waterworks Authority, to include a copy of contractor's and business license, company address, point of contact, phone numbers and e-mail address no later than December 15, 2016

Please submit your Letter of Interest to:

Miguel C. Bordallo, P.E.
