Request for Proposal: RFP-03-ENG-2018
Design Services for Pressure Zone Realignment and Tank
Repair/Replacement
Project No. W18-001-BND

Response to RFI No.: 02

Date: February 12, 2018

Below are the responses to the request for information received from potential proposers. Except as provided herein, all terms and conditions of the document referenced in solicitation number above, as heretofore explained, remains unchanged and in full force and effect. To the extent this answer amends the RFP, please treat it as such.

Question No. 1

We would like to request the following information regarding the subject project:

1. Please clarify the following as part of the hydraulic modeling task:
 - a. For the 15 pressure loggers and associated fittings to be provided to GWA, will the Consultant be required to do the installation or will the installation be conducted by GWA?

GWA Response: Consultant shall do the installation.

- b. Will the Consultant be required to maintain and collect the data from the pressure loggers or will this be conducted by GWA and the data provided to the Consultant?

GWA Response: Consultant shall maintain and collect the data.

- c. Will the Consultant be required to remove the pressure loggers or will this be conducted by GWA?

GWA Response: Consultant shall remove the pressure loggers.

2. For Section G Performance Record, can the list of litigation and dispute history of projects be submitted as an Exhibit?

GWA Response: Yes
