FOR IMMEDIATE RELEASE: Persons Posing as GWA Employees in the Machanaonao area of Dededo

“We received reports that suspicious persons from 30 to 40 years of age and driving in a grey Nissan Altima are posing as GWA employees and asking residents to check and change meters”, said Lisa San Agustin Utility Services Administrator. “ These incidents have been reported to GPD, and we want to remind our customers that GWA employees who are authorized to work in and around customer’s homes are identified by an official GWA badge and should be in official GWA vehicles which will include prominent logo displayed”, she added.

For any suspicious vehicles or persons please call our 24/7 water line number at 646-4211 and report to 911.
