NOTIFICATION

This is notification of an upcoming project under the Guam Water and Wastewater Infrastructure Improvements Program. The project includes preparing the existing Northern District Wastewater Treatment Plant (NDWWTP) and the new Wastewater Treatment Plant (WWTP) Sites for plant construction. To accomplish the preparation work, the following key construction components will be conducted:

- Demolition of concrete pads, storm water and sewer systems, and fencing, located within the project sites.
- Installation of erosion control measures, temporary and permanent fencing.
- Mass clearing, grubbing and grading on approximately 20 acres.
- Installation of new storm water controls including the construction of earthen and concrete swales, and two infiltration ponds & associated piping.

It is anticipated that the Invitation to Bid will be advertised in mid-September, 2018.

We appreciate any interest you may have in providing a bid on this upcoming package. Please carefully watch Guam Waterworks Authority website at <http://guamwaterworks.org/bids/> for further bidding details.

Sincerely,

MIGUEL C. BORDALLO, P.E.
General Manager
