Open enrollment

Fiscal year 2021

We're honored to be continuing our journey with the Guam community, delivering health insurance coverage and well-being resources to GovGuam active employees, retirees, survivors and families. Here's a few things you'll want to know.

DO NOT submit an enrollment form if you are satisfied with your current plan and coverage.

Your current benefits will be rolled over into the new plan year, and you may continue to use your current Member ID card.

DO submit an enrollment form if:

- You're eligible but not currently enrolled
- You want to make changes to your benefits
- You're adding or removing your spouse or dependents from your plan
- You'd like to terminate your benefits

Who's eligible to enroll?

To enroll in an Aetna International health plan, you and your dependents must first meet the eligibility requirements defined by the Government of Guam and submit your enrollment form to your employer with any other required documentation during an open enrollment period or within 30 days from the date you first become eligible, or within 30 days from the date of a qualifying event. GovGuam policy allows you to enroll in a Medical Only plan or both Medical and Dental plans. You cannot enroll only in a Dental plan.

Subscriber eligibility requirements

To be eligible, you must:

- Be a Government of Guam employee working at least 30 hours per week
- Be a retiree or survivor of a retired employee of GovGuam
- Maintain legal residency in Guam/CNMI and not be absent for more than 182 consecutive days (excluding members who are receiving continuous care off-island and their insured companion, as approved by Aetna, and child dependents up to age 26). Please refer to Plan Documents for more information.
- Be continuously enrolled for the entire plan year in both Medicare Part A and Part B (with Medicare your primary plan) to be enrolled in the RSP Plan

Dependent eligibility requirements

Your eligible dependents include your Spouse, domestic partner and dependent children up to age 26 (unless otherwise noted) regardless of student status. Please review dependent eligibility definitions and requirements below.

Effective date of coverage

Your coverage begins on the date the Government of Guam tells us. This will be the effective date on the enrollment information sent to us to enroll you and your eligible dependents in the plan.

Leave without pay

Employee is responsible for paying both the government and employee's share of premiums while on approved leave without pay status. Premium contributions must be made directly to your agency/department. Premium payments that are not paid on a timely basis will result in termination of coverage, and you will not be allowed to enroll in the plan until the next open enrollment period.

Military leave

Any employee on active-duty military leave status who wish to continue enrollment with Aetna during such leave period are advised to contact their human resources division for premium payment information. Any employee who wishes to cancel coverage during military leave status may do so by contacting their respective department/agency. Upon completion of military orders or leave status, the member may re-enroll with Aetna by contacting their respective department's or agency's human resources office. Your agency/department may require appropriate documentation including military order to verify qualifying event.

Reduction of hours

If a member's work hours are reduced below 30 per week due to a GovGuam cost-saving program, the member and their enrolled dependents can stay in the plan. Members can disenroll within 30 days from when the reduction in hours occurs as long as the member notifies their human resources department. The member needs to provide notice of their intent to disenroll. However, the member will not be eligible to re-enroll until a future open enrollment period or until their work hours are increased to at least 30 per week.

Qualifying events/Special times you and your dependents can join the plan

You and your dependents may enroll or terminate outside of open enrollment period because of a qualifying event as defined by HIPAA or PPACA. Under HIPAA and PPACA, a qualifying event is a time where you may make plan changes outside of an open enrollment period. You have 30 days to submit any plan changes resulting from a qualifying event to your employer. Qualifying events include, but may not be limited to:

- Changes in your household due to marriage, divorce, birth, adoption, legal guardianship or death
- Date of GovGuam retirement status
- Enrollment into both Medicare A and B
- Change of work status (i.e. from part-time to full-time)
- Overage Dependents

If you do not submit your requested changes within the permitted time frame from the date of your qualifying event, you may have to wait until the next open enrollment period to make such changes

Changes upon retirement

Please immediately notify your respective agency or department of any changes to your retirement status or to your eligibility to continue in the plan.

Up-to-date information

We need your most current information to properly administer your plan. Please make sure you provide all pertinent information with your enrollment application and that you notify us of any significant changes throughout the year. Please inform your respective department/agency immediately of any error on your Member ID card or any changes in name, address, phone numbers or email address. Members are advised to verify premiums are being deducted correctly to avoid any premium discrepancies.

How to enroll or make changes to your benefits

You will find a copy of an enrollment form in this packet. Employees, retirees or survivors wishing to make changes to their benefits, or new hires intending to elect benefits for the first time, should fill out an enrollment form.

Please fill out all the required fields and review your completed enrollment form carefully to ensure that it's complete, accurate and legible for you and any dependents. Missing or incorrect information on this form may result in a delay in the administration of your benefits.

Completed enrollment forms should be mailed to or dropped off at your respective agency for processing. For your convenience, we've provided a blank envelope for you to use should you decide to mail your form.

Well-being incentive program

We've designed a well-being incentive program exclusively for you — our GovGuam members — and your spouse or domestic partner. It's our way of encouraging you to achieve your best health. So get fit starting today and earn a gift card while you're at it!

Here's how it works. You and your dependents over 18 years of age can earn up to \$200 total (\$100 per person) in gift cards by each completing **any two** of the following actions:

- **Biometric screening**

Having a biometric screening* to test for metabolic syndrome will help keep you healthy by identifying any current and potential health risks. All you need to do is schedule an appointment with your primary care physician and submit a completed copy of the biometric screening form and a copy of your blood test results.* We'll reach out if there are any health concerns you should be aware of.

*Biometric screening form can be found at www.aetnainternational.com/en/government/govguam/your-health-wellness.html and must be completed with the help and signature of your primary care physician. Total cholesterol and hemoglobin A1C blood test results are also required.

- **Well-being assessment** (formerly called the "Health Risk Assessment" or "HRA")

Our online well-being assessment only takes a few minutes to complete. It helps identify possible health risks and encourages healthy behaviors. You can access the assessment by registering and/or logging in to your secure member website at Aetna.com and selecting "Health and Wellness," then "Discover a healthier you," and "Begin my action plan."
