| 1. | <p>Relative to the requirement for on (1) electronic copy of the bid on a TAA-compliant USB, TAA-compliant USBs are significantly more costly than non-TAA-compliant USBs. As an alternative to submission via a TAA-compliant USB, can GWA provide a secure upload link for the bidder to securely transmit the bid?</p> <p>A. If GWA will not provide an upload link alternative, may we submit our bid via a bidder provided secured share link hosted within the United States that GWA can use to download the encrypted electronic copy?</p> <p>B. If GWA will not allow either of the alternative electronic submission methods requested above, will GWA be returning the bidder-provided TAA-compliant USB hardware to the bidder?</p> | <p>Bidder’s request for GWA to provide a secure upload link OR for bidder to submit bid via a bidder provided secured share link to securely transmit its bid is not approved. For all bidders, bid submittal requirements as per bid instructions will remain the same.</p> <p>Same as above</p> <p>Yes, GWA will return TAA Compliant, USB Hardware to the bidder (s).</p> |
