This addendum serves to revise the previously issued bid documents and/or provides additional information for informational purposes. In cases where the responses below result in modifications to the bid documents, please consider them as amendments to the original RFP 2024-09. The following responses address RFIs received from potential bidders on August 29, 2024.

	Question/Inquiry from August 29, 2024:	GWA RESPONSE:
1.	<p>We appreciate the opportunity to participate in the RFP, GWA RFP 2024-09 and thank GWA for its thorough approach to identifying a suitable partner.</p> <p>The RFP requests detailed information on organizational background, relevant experience, and expertise, including being a member in good standing of the Oracle Partner Network with a minimum of 7 years of experience delivering JD Edwards EnterpriseOne solutions. Additionally, the RFP asks that vendors detail their support for a variety of third-party applications and integration technologies.</p> <p>While we understand the importance of having a partner with both JD Edwards expertise and broad third-party application support, we are a firm highly specialized in JD Edwards solutions. Given our deep experience in this area, we would like to inquire whether GWA might consider our response as a partner focused exclusively on JD Edwards support.</p> <p>We believe that such a focused partnership could bring significant value to GWA, ensuring the highest level of expertise and attention to your JD Edwards environment.</p>	<p>All proposals will be evaluated based on their responsiveness and responsibility according to the RFP requirements. Responsiveness pertains to whether the proposal meets the exact specifications and requests made by the Government. This aspect is assessed strictly on the information provided in the proposal. Responsibility, on the other hand, concerns whether the bidder can and will perform as promised.</p> <p>Your focused expertise in JD Edwards will be considered in the context of how well it meets the Government's specified needs and objectives.</p>
