**Design Services for Northern Sewer Transmission Systems
 RFP-05-ENG-2024
 GWA Project No. 22406
 GWA RFI Response No. 1 to Contractor Inquiries**

This Addendum and/or Response to Request for Information (RFI) is issued to modify the previously issued Request for Proposal (RFP) documents and/or given for informational purposes and to the extent the responses below modify the proposal documents, please treat them as an amendment to the RFP. The following are responses to RFI's received:

NO.	DATE	QUESTION/INQUIRY AS SUBMITTED	GWA RESPONSE
1	01/31/2025	Can we request due date extensions for both RFP (North and South)	Due to the time sensitive nature of this project GWA is unable to extend the due date for this RFP (RFP-05-ENG-2024).
2	01/31/2025	Has the funding been approved for this project? If so, what is the estimated value for each? Or It is combined?	Funding has been reserved for this project (GWA Project No. 22406) specifically. GWA won't be sharing the reserved funding amount for this project with prospective proposers
3	01/31/2025	How many firms will be selected for each project?	One firm will be selected for this project (GWA Project No. 22406) based on the evaluation criteria as specified in the RFP.
4	01/31/2025	The evaluation criteria indicate that the Performance Record is scored separately, but the RFP format currently places it under the "Qualifications and Performance Record of the Firm" section (Page 13, Item C.), which has its own evaluation criteria. Would GWA prefer the RFP response to present the Performance Record as a separate section for clarity?	RFP Response Sections covered in "I. Instructions to Proposers" do not necessarily align with the RFP Evaluation Factors. RFP Responses should align with the sections outlined in "I. Instructions to Proposers".

Offerors are also notified to visit the GWA website, <http://guamwaterworks.org/bids/> to ensure that addenda to the RFP, answers to questions, and reminders are communicated to all offerors throughout the solicitation process.

Miguel C. Bordallo, P.E., General Manager
